This folder contains photos from three cameras. So you will see pictures from camera 1 from morning to night. Then you will see pictrues from camera 2 from morning to night. Lastly, I shot some of the library photos with a 3rd camera.

CODE OF CONDUCT
Consent is...

We expect all interactions at camp to follow these guidelines for consent.

Affirmative
Enthusiastic consent is the presence of a yes, not the absence of a no. All people involved in an activity have clearly expressed their agreement. Not Sure? ASK.

Informed
All parties have the info necessary for making a good decision.
If you initiate an interaction, it is your responsibility to get consent.
If anything changes, get consent again.

Specific
Consent for one thing does not equal consent for everything.
Make sure you understand their boundaries. Get consent again if you think you are near or passing those boundaries. If the boundaries are unclear, ask.

Competent
Everyone involved has the knowledge and judgement required for consent. Impaired people (drugs, alcohol, etc.) cannot consent. Be wary of power dynamics. Make sure people feel safe saying no.

Unpressured
Accept a "no" at face value and end the interaction. Do not pressure anyone or attempt to influence them. Give them time to think about it. MAYBE means NO.

Ongoing
Consent is not a contract. Consent must be present throughout any interaction and can be revoked at any time for any reason (or no reason at all). Check in frequently.

Code of Conduct At-a-Glance

If you experience or witness behavior that is not in line with our Code of Conduct, tell a Conduct Team Member (look for person with rainbow bandana or ask at info desk) or email ethics@archive.org.

Respect

→ Treat others with dignity and kindness regardless of gender, orientation, disability, appearance, race, age, religion. etc.

→ Make sure you have enthusiastic, ongoing consent in all interactions

→ Respect the privacy of others, and avoid photographing those with red lanyards

→ Follow Chatham House Rules when mentioned (neither the identity or the affiliation of any participant may be revealed)

Collaboration

→ Be open to new ideas and learn from others

→ Bring up your own ideas in conversations

→ In cases of strong disagreement, try to move on and stay focused on the goal of the discussion

→ Talk to people you haven't met yet

Inclusion

→ Rule of 1: Make 1 point and then let others speak

→ Rule of n: If there are n people in the group, speak 1/nth of the time

→ Be inclusive of people with other backgrounds

→ Avoid jargon or terms that may not be understood by the entire group

Communication

→ Avoid interrupting people

→ Be concise with your points and allow others to participate

→ In a misunderstanding, try to assume the most benign interpretation and then seek clarification

→ Address problematic speech or behavior when it occurs, if possible, even if it wasn't addressed to you

At Camp, there is more
than you can ever possibly
experience in one day or

Instead of comparing your
